

Resourceful, quality-led solutions.

Our cardboard recycling service

printwaste
Sustainable Recycling

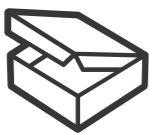

Cardboard recycling.

Capable of being recycled 4-5 times, cardboard is a highly recyclable material that can be turned back into new cardboard-based products over and over again.

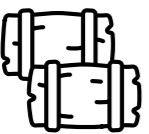

Yet, this isn't always what happens – and this is because cardboard can be easily contaminated by oil, food or even the weather.

Once contaminated, cardboard rapidly decreases in quality and recyclability. So, to get the most out of this material, it's essential cardboard is looked after correctly. At Printwaste, we work with our customers to segregate and safely store their cardboard (whether this be baled cardboard, loose, leftover packaging from purchases or a by-product of day-to-day operations) in order to limit contamination, utilise the resource to its fullest and boost recycling rates.

THE TYPES OF CORRUGATED CARDBOARD WE COLLECT:

Corrugated
(e.g. packaging and storage of consumer goods)

Baled cardboard
i.e. 20kg to mill size (400kg min. weight)

84%

Did you know? Corrugated cardboard is the most recycled packaging material in the UK (84% is recycled)!

THE BENEFITS FOR YOU

- * **Breathing new life into materials** – We'll turn your cardboard straight back into cardboard in just 14 days, helping you to contribute towards a circular economy.
- * **No limits on quantity** – We're not fazed by quantity; we'll collect anything from a small bin's worth to bulk mill-size bales and RORO containers.
- * **Money back** - Depending on the volume, material market and product quality of your cardboard, we can sometimes offer customer rebates and actually give you money back.
- * **Total transparency** – From the moment we collect your cardboard to the moment it's recycled into a new product, we'll know where it is and what's happening to it, and so will you.
- * **Our commitment to quality** - Supporting businesses to recycle products into quality raw materials is our area of expertise, so we can promise you a partnership based on getting the most out of your materials in the most sustainable way.
- * **Ease** – With flexible collection schedules designed to suit your business, and account management on-hand to support you, it couldn't be easier for you to recycle your cardboard.

EQUIPPING YOU WITH THE RIGHT STORAGE

Storing your cardboard correctly is key to keeping it safe, dry and free from contamination. To do so, we have a comprehensive range of storage containers to suit your needs.

For larger retailers, packaging companies and hospitals, we can also provide compaction equipment, balers and hooklift containers to help increase your storage capacity, reduce collection frequencies and, ultimately, your costs too.

Flexible collections to fit with you

Pre-scheduled/Regular collections

Ideal for businesses who produce a steady stream of cardboard, meaning your materials will be collected regularly without you having to think about organising anything.

On-demand collections

Ideal for businesses who generate low volumes of cardboard or have peaks and troughs through the year. We can simply collect these as and when you need.

Our services:

Sustainable Recycling and Waste Services

Cans & metals

Cardboard

Plastics

Paper cups

Cartons

Hazardous waste

Non-recyclables

Wood

Non-confidential paper

WEEE

Polystyrene
